DATE 3/31/82
TIME 11:05

SUBJECT: Lutton Advanced Curing, Springfield, Missouri

SUMMARY OF COMMUNICATION

I asked Dennis if WMBR had received word from Lutton concerning the required waste analysis of the lagoon contents per # 7 of our 3/24/82 emergency permit. Dennis said that he hadn't heard from Lutton yet and was going to call them today & would let me know the results.

Dennis also mentioned that MOWR had issued a revised order to Lutton that ordered them to completely empty the lagoon contents either by sending the contents to the Springfield STP or spray irrigating at a rate of not more than 1/3 inch/day. This ~~per~~ order required lagoon to be empty by 4/30.
